

RumBa

RUM & CHAMPAGNE BAR

What's with the name?

Rum was New England's most popular trade item and a favorite drink choice among locals in the seventeenth and eighteenth centuries.

Ironically, our name has nothing to do with the famous Latin dance, "the Rumba," but is actually a Bostonian's classic pronunciation of "Rum Bar" (the 'r' in 'Bar' being silent).

RumBa pays tribute to Boston's rich rum history in a lively rum-themed bar serving bold appetizers, creative cocktails and an international collection of distilled and vintage rums. Rhythmic Caribbean and Latin music sets the tone for RumBa's laid-back atmosphere.

Whiskies, Scotches, Single Malts & Cognacs

Scotch whiskies are generally distilled twice, though some are also distilled for a third time. International laws require anything bearing the label of “Scotch” to be distilled in Scotland and matured for a minimum of three years in oak casks. The basic types of Scotch are malt and grain, which are combined to create blends.

Bourbon is an American whiskey, distilled and made primarily from corn. The spirit was named after its birthplace in Bourbon County, Kentucky. Bourbon has been produced since the eighteenth century.

For a distilled brandy to bear the name Cognac, an Appellation D'origine Contrôlée, its production methods must meet certain legal requirements. In particular, it must be made from specified grapes of known locally as Saint-Emilion. The brandy must be twice distilled in copper pot stills and aged at least two years in French oak barrels.
